

Dhole Patil Education Society's
Dhole Patil School For Excellence

Annual Report

Introduction: Dhole Patil School For Excellence was established in the year 2017 with the aim to impart quality education with a strong values based education program to the young minds. Our education model is based on the thought 'Happy Schooling, Happy Children'.

This model helps attain optimal outcomes in the domains of physical and motor development, cognitive development, socio-emotional-ethical development, cultural development, development of communication and early language, literacy, and numeracy. We focus on working with the social, emotional, cognitive and physical needs of young children in order to build a solid and broad foundation for lifelong learning and wellbeing.

Our model for education for our Primary School comprises of flexible, multi-level, play & activity based learning. We also work towards developing social capacities, good behavior, courtesy, ethics, personal & public cleanliness, teamwork and cooperation.

Our academics revolve around good concept building activities and students are prepared for life long learning and developing good life skills. Through out the year students are assessed through written, oral and project based evaluation. Our students are also encouraged to appear for Science Olympiad Foundation (SOF) which aims to cultivate Scientific Reasoning and Logical Ability among the students through a rigorous test.

In order to develop the aesthetic skills of the students we conducted many competitions throughout the year to develop confidence among our students

- The following competitions were organized online
- English Recitation Competition
- Fancy Dress Competition
- G. K. Quiz
- Hindi Recitation
- Story Telling Competition
