## **Details Of Curriculum**

### **Foundation stage**

Grade Nursery, LKG, UKG and Grade 1, 2

Our foundation stage curriculum focusses on holistic development, aiming to build a strong foundation for lifelong learning through cognitive, social, emotional, and physical growth. Key goals include developing language and communication skills, fostering early literacy and numeracy, nurturing creativity and critical thinking, promoting physical development and healthy habits, and encouraging a positive self-concept and social-emotional awareness.

### **Primary School**

Grade 3 to 5

Physical development through healthy habits. Focusing on social and emotional growth (emotional intelligence and positive social interactions). The curriculum also aims to foster creative and cultural awareness, and to equip students with life skills such as problem-solving and communication.

# Secondary School

Grade 6 to 10

Secondary school curriculum is interwoven with a good number of life skills activities.

**Academic goals include :**

**Mastery of subjects:** Attain proficiency and in-depth knowledge in core subjects like languages, mathematics, science, and social science.

**Skill development:** Develop integrated language skills (listening, speaking, reading, writing) and build strong vocabulary and comprehension.

**Critical thinking:** Enhance the ability to analyze information, solve problems, and make informed decisions.

**21st-century skills:** Integrate modern skills like digital literacy, information literacy, and the ability to use technology for betterment.

# Senior Secondary School

Grade 11 & 12, Science & Commerce

Senior secondary curriculum aims to prepare students for lifelong learning by emphasizing experiential learning, a deeper understanding of specific subjects through a constructivist approach, and the application of knowledge in real-life situations.

Cognitive and skill development

**Critical thinking and problem-solving:** Students should be able to identify, analyze, and solve problems, and make decisions using critical and creative thinking
